HASSLE-FREE MANAGED IT

888-941-7770 | ICSSNJ.COM

WE LOVE TECHNOLOGY

At Integrated Computer Services, the success of your IT infrastructure is our number one priority.

Our integrated team is passionate about your IT struggles. From design, to build, to managing, we find the best solutions for you. From our start in 2002, we have accumulated over 50 years of experience amongst our team of experts. ICS was founded out of the astounding need for premium IT services to serve the small business market.

Our goal as a company is to cultivate and preserve the relationships with our customers. Our skillset and experience will enable your long term success through services like system selection, network design, and topology planning.

Our design process begins with defining your goals, designing a clear strategy, and adopting the technology to surpass those goals.

OUR SERVICES

MANAGED IT SERVICES

One central channel to manage all of your IT services. Reducing costs and saving time is our focus.

CLOUD COMPUTING

Continuously expanding our cloud services to reduce maintenance costs and increase mobility.

MANAGED SECURITY SERVICES

We mitigate the risks and safeguard your infrastructure, allowing your time to be spent on what matters.

DISASTER RECOVERY SOLUTIONS

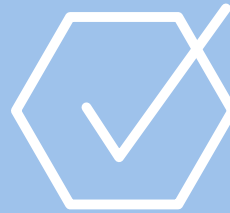

Protect your data from hardware failures and natural disaster damage with reliable backup solutions.

OUTSOURCING IT

Save your time and focus to run your business. We will take care of the rest.

PERSONALIZED IT SOLUTIONS

ICS is unique. We devote all of our team to the handling of our managed clients. We are dedicated to providing you with superior service.

This commitment brings faster response times and more effective services to our clients. We make your technology work for you, all day, every day.

ICS isn't here to fix your problems, we are here to help you exceed your expectations and make sure those problems don't exist. Our value is solely dependent on the productivity and success of your relationship
